

Do I have to purchase a seat assignment?

Our fares do **not** include a seat assignment. You may purchase a seat assignment at the time of booking and after booking. If you've already purchased your ticket, you can buy a seat assignment on your *Manage My Booking* page through logging into [My Trips](#)

Remember if you purchased one of our [bundles](#), the WORKSSM or the PERKSSM, a seat assignment is included!

[Select seating](#) is an option. If you do not purchase a seat assignment, one will be randomly assigned free of charge. However, your party may be separated.

Find more information about seats on our [seating](#) page.
