

## Do I have to purchase a seat assignment?

Our Basic Fares do not include a seat assignment of your choice. You may purchase a seat assignment at the time of booking, after booking, or during check-in using either the Frontier app or website. If you do not purchase a seat assignment, one will be randomly assigned free of charge. However, your party may be separated. Frontier offers fee-free family seating. Find more information about seats on our [seating](#) page.
