What are the sizes and weight limits for bags?

Baggage size and weight limits vary by type:

Personal items must be no larger than **14” H x 18” W x 8” D**, including handles, wheels, and straps. These include purses, totes, computer bags, briefcases, and kids' backpacks.

Carry-on bags can be up to **24” H x 16” W x 10” D** and weigh **no more than 35 lbs.** They should fit in the overhead bin or under the seat. Examples include large backpacks, small duffel bags, and small wheeled suitcases.

Checked bags must not exceed **62 linear inches** (length + width + depth) and must weigh **40 lbs or less**.

Oversize or overweight bags may incur additional fees:
• **41–50 lbs**: +$75
• **51–100 lbs**: +$100
• **Over 100 lbs**: Not accepted
• **63–110 linear inches:** +$75
• **Over 110 linear inches:** Not accepted

Some items, like medical devices, wheelchairs, and essential baby gear, can be carried or checked at no charge and don’t count toward your baggage allowance. View the full special items policy (PDF).

Important Notes:
Prices are typically **higher at the airport**, so it’s best to purchase baggage in advance. If you purchased a **bundle,** carry-on and/or checked bags may already be included.
