

How do I use my Frontier miles?

Using Frontier Miles is easy.

1. Make sure you are logged into your [myFRONTIERSM](#) account before completing your booking.

2. When booking a flight, search by "miles" (instead of dollars). This will also show how many miles are needed for your desired trip. View our [redemption levels](#) for more information.

3. If you have enough *FRONTIER Miles* for your flight(s) you can continue your booking!

Keep in mind, taxes & [fees](#) and a redemption fee (don't worry there are [ways to avoid this fee](#)) will be added.

4. Finish your booking. Remember, if you have [Elite Status](#) you get a carry-on and seat assignment for free!
