

# What type of pets are allowed on the plane?

Only certain animals are allowed in the cabin:

- Domesticated dogs (minimum 8 weeks of age), cats (minimum 8 weeks of age), rabbits, guinea pigs, hamsters, or small household birds may be carried on flights within the United States.
- **The following species are never accepted:** Large birds (e.g. parrots, macaws, cockatoos, birds of prey), rodents (including mice, rats, squirrels), beavers, ferrets, reptiles (including snakes), amphibians, spiders, and insects (and please, no lions, tigers, or bears).
- Only domesticated dogs and cats may be carried to or from international destinations.
- Pets are allowed in the cabin on all domestic Frontier flights, and on international flights to/from the Dominican Republic and Mexico.

Please visit our [travel information page](#) for more information and details on traveling with pets.
