

# What type of pet carriers are allowed?

A few things to know about your pet's traveling container:

- The travel container **must be large enough for the pet to stand, turn around, and lie down in a natural position.** The carrier must also fit underneath the seat in front of you. There may be certain seats that cannot accommodate your pet container, but we'll work with you to get a seat assignment with space.
- Maximum dimensions for a pet container are 18" length x 14" width x 8" height.
- We recommend the container be a soft-sided case.
- Your pet must stay in its container at all times.
- In addition to the travel container for your pet, you are allowed either a personal item OR a carry-on bag. An additional fee will apply for the carry-on bag.

Please visit our [travel information page](#) for more information and details on traveling with pets.
